HOW TO CREATE AN ACCOUNT TRANSACTION

UMB DEBIT CARD

Advantages of the debit card:

- Pay directly from your account(s) at the point-of-sale for qualified medical expenses
- Charges are paid directly to the provider/retailer
- No waiting for reimbursement

Eligible expenses:

The IRS determines what expenses you can pay for. For more information, see IRS Publication 502 at <http://www.irs.gov/pub/irs-pdf/p502.pdf>.

Using the card:

To activate your debit card, call the activation line at: 866-898-9795 and if you have any issues, you can contact UMB Consumer Services.

Some accounts may not require you to submit documentation for purchases made at retailers that use an inventory information approval system (IIAS). These merchants will approve eligible expenses at the point of purchase. **Any consumers with notional accounts should save their receipts.** For a complete list of IIAS merchants, visit <https://www.sig-is.org/>. When using your card at these merchants, you will swipe your card for the entire purchase amount. Eligible expenses will be charged to your debit card. You'll need to use another form of payment for any ineligible items. **Documentation may be required if eligible items are not verified at the point of sale. You will receive an email or mailed notification if documentation is required.**

Note: Debit card usage for FSA accounts without a Grace Period will only be for the current calendar year. Claims that need to be filed outside of the current calendar year will need to be done manually.

UMB CONSUMER GUIDE

DOCUMENTATION REQUIREMENTS

You may be required to submit documentation for a debit card transaction. All claims submitted via paper form or submitted through the Consumer Portal or Mobile App will require documentation. For more information on how to submit a claim, please view the [‘File a Claim’](#) section.

Your documentation will need to contain the following:

- Date(s) of service
- Type(s) of service
- Cost of service(s)
- Merchant name/information

An Explanation of Benefits (EOB) will contain all of these if you are unable to obtain a receipt with these fields.

An example of incorrect documentation would include a summary receipt that doesn't include all the needed information listed above.

Note: If the transaction is a Co-pay, this will need to be noted on the receipt by the provider's office.

4. The next step will be to provide the claim details:
 - Start date of the service
 - End date of the service
 - Amount
 - Provider
 - Category
 - Type of service
 - Recipient
 - Answer yes or no to whether you drove to receive your product/service or not
 - If Yes, enter how many miles you drove
5. Review the transaction summary to make sure that all the information was entered correctly. Next, you'll be asked to agree to the Terms and Conditions and hit the submit button.

2. Print a **Denial Letter with Repayment** and send in a personal check with this notification to the mailing address shown at the bottom of the notification.

Note: If you have sufficient documentation for the claim that has been denied and is pending repayment, you can select the **Upload Receipt** option if it’s available instead of repaying the claim.

FAQs

How do I change my FSA/DCA payroll deduction amount?

FSA/DCA plans only allow changes to your election (that would in turn update your payroll amount) with a qualifying life event such as the addition or loss of a qualifying dependent. Contact your employer for more information.

What do I do if a provider or my health insurance refunds me for an expense I paid for with my benefit account or I requested funds in error?

For an FSA/HRA this can be submitted via check along with the claim number to the standard PO Box on claim notifications, or you may contact our call center to have the corresponding claim denied so that you can repay the claim within our online portal. If the provider refunds your debit card the account will be repaid, but you may need to contact the call center if the corresponding claim is still asking you to take action and we can have the refund applied to that claim.

Once I request a transaction, how long does it take for my funds to be available?

This will be dependent upon if the claim documentation is approved. If you have a bank account added to your account this can take as little as 3 business day. However, a check can take up to 7 business days to arrive.

What do I do if my debit card declines or doesn't work?

Within your profile, confirm you have the correct and most recent card by verifying the last four digits. Check your balance and verify via your activity that there are no pending transactions you have not accounted for. If using the card at the retail pharmacy, ensure the item is coded as FSA eligible. Still unable to determine the cause? Call our customer service team who can verify the cause and best solution.

Who qualifies as a dependent?

A person generally qualifies as your dependent if you claim them as an exemption on your Federal tax return. Please see IRS Publication 502 for exceptions.

www.irs.gov/pub/irs-pdf/p502.pdf

How can I grant my spouse access to my account?

You may submit a Power of Attorney Form or an Authorized Representative Form. These forms can be found via the consumer portal or your employer.

Can I use my FSA to pay for medical expenses for a spouse or dependent?

Yes, you may use your FSA funds without penalty to pay for qualified medical expenses for yourself, spouse or dependent even if they are covered under another health plan.

Can I enroll in both an HSA and an FSA?

If you enroll in both an HSA and an FSA or HRA, you cannot make deductible contributions to the HSA for that coverage period if the FSA or HRA are "general purpose" arrangements that pay or reimburse for qualified medical expenses. However, you still may be able to make deductible contributions to an HSA even if you are also covered under an FSA or HRA if those arrangements are "limited purpose" FSAs or HRAs that restrict reimbursements to certain "permitted benefits" such as vision, dental or preventive care benefits. Other permissible combinations include "suspended HRAs" and "post-deductible" FSAs or HRAs. Contract your legal or tax adviser to review these situations.
